Have you been interested in taking our Financial Literacy series, but are not able to attend class due to work, childcare or other scheduling conflicts?

Our online class allows you to attend a single orientation and then complete the class online, when and where it is convenient for you. Following completion of the class, a post-test and one-on-one counseling session is set up at a time that works with your schedule.

Please contact Claudia Sanchez at 503-883-4331 or csanchez@hayc.org to sign up for this orientation.
