

Marijuana in Section 8 or HAYC Properties

Posted: April 2018

Oregon currently has provision for the legal use of medical marijuana and recreational marijuana. Rental assistance programs operated by the Housing Authority of Yamhill County (HAYC) fall under Federal regulations and as such, the use, possession, or manufacturing of marijuana are still classified as illegal. Applicants or participants found using, possessing or manufacturing marijuana will face denial or termination of assistance.

In addition, the use, possession or manufacturing of marijuana is not allowed at any HAYC owned or operated properties.

HAYC will not grant requests to use marijuana as a reasonable accommodation.

Please contact our office if you have any further questions.
