## ***Another reason to join FSS***

One-on-one support to help you get back on track. In the FSS Program, you are not alone.

You have access to a team who will help you make progress towards your goals and provide support where needed.

Mentoring you through barriers and helping you look for opportunities to increase your income.

FSS empowers participants to reach their goals by offering support, resources and by providing an escrow savings account.

A Program that let's you build as you earn more!

### ***FSS Success Story***

Maria started the FSS Program on October 1, 2018 and successfully graduated from the FSS Program on January 20, 2022 with over \$12,000 in escrow and is also participating in the HCVH Program. Maria started the FSS Program with zero earned income and her goal was to get employed, increase her credit score and buy a home. She was able to find her dream job within a few months of signing up with FSS then was able to pay down debt and build her credit to get approved for a home loan. Maria and her family are extremely happy to HAYC and the FSS Program for continuing to assist them. They closed on their home in mid February and are enjoying being new homeowners!

**You can do it too!**
